## CARTONPLAST IS IN PLASTIC PALLET POOLING NOW

Our reusable plastic pallet Model I has been developed exclusively for the Iberian market. It is safe and sturdy when it comes to transporting various goods. It is made of high-quality raw materials for industrial applications or the food and pharmaceutical sectors:

- For all types of glass

- 1200 × 1000 mm 5 runners (same sizes as ANIFE pallet)

- Suitable for use on roller or chain conveyors

- RFID/GS1 identification for lifetime tracking

- Complies with international standards

- Recycled plastic inside (PP) – 100% recyclable

- Weight of only 17 kg to 18 kg

- Load capacity static: 4000 kg

- Load capacity dynamic: 1500 kg

- Load capacity in high rack: 850 kg

WHY USE CARTONPLAST PLASTIC PALLETS?

There are so many advantages of plastic pallets over wooden pallets that make them a must-have for any supply chain business. With our reusable plastic pallets, you rely on an environmentally friendly lightweight in a class of its own. The plastic pallets are available in two sizes, both manufactured according to international standards. They are safe to handle, extremely dimensionally stable and easy to clean hygienically. But best of all: Compared to wooden pallets, they are naturally weatherproof and resistant to environmental conditions.

CIRCULAR ECONOMY – MAKE IT REAL!

PALLET MODEL I: DIMENSIONS

Same as Iberian countries pallet standards!
Change your wooden pallet without any modification or adjustment in glassworks' or fillers' production lines.

	SIZE	WEIGHT	LOADING CAPACITY		
Product Code	External Dimensions	Feet	Static	Dynamic	Racking
CPL 100047 PALLET (with 5 Runners, without film fixation)	1000 × 1200 × 155	17.50 kg	4000 kg	1500 kg	850 kg
CPL 100048 PALLET (with 5 Runners, with film fixation)	1000 × 1200 × 155	17.50 kg	4000 kg	1500 kg	850 kg

THINK DIFFERENT, THINK GREEN.
IT IS TIME FOR REUSABLE PLASTIC PALLETS.
